Message from the Director of the Office of International Students

Dear students,

Beijing Institute of Technology (BIT), founded in 1940, is one of China's leading national universities, consistently recognized under the prestigious "211 Project," "985 Project," and "Double First-Class" initiatives. BIT holds a prominent position in both domestic and global academic spheres, with its influence reflected in numerous accolades. These include a rank of 302 in the 2025 QS World University Rankings, a position within the 101-150 range in the 2024 Academic Ranking of World Universities (ARWU), 179th in the 2024 U.S. News & World Report Best Global Universities Rankings, 201-250 in the 2025 Times Higher Education World University Rankings (THE), and a commendable 9th place in the Chinese Mainland according to the QS Global Graduate Employability Rankings 2022. BIT also holds the top spot for Higher General Education Accreditation for International Students in China.

Beijing Institute of Technology is a place brimming with opportunities and challenges. As a leading research university in China, BIT offers world-class faculty, cutting-edge facilities, and a rich, dynamic learning environment. Our diverse and forward-thinking curriculum, combined with hands-on experiences, ensures you are engaged and well-prepared for the future. Through specialized courses, innovation training, and field studies, you will cultivate both your creative spirit and practical skills.

Cherish your time at BIT, nurture your dreams with commitment, and let your brilliance shine as you grow alongside us, writing a chapter of your youth filled with purpose and without regret. Beijing Institute of Technology warmly welcomes you!

Gao Shan
Director, Office of International Students
Beijing Institute of Technology

Message from the Vice President of Beijing Institute of Technology, Zhuhai

Dear Students,

Beijing Institute of Technology, Zhuhai was founded in 2001, located in National High-tech Zone of Zhuhai city, the “Golden Inner Bay” of the Guangdong-Hong Kong-Macao Greater Bay Area. BIT Zhuhai is the “Double First-Class” special development zone crafted by Beijing Institute of Technology in line with the educational standards of “high starting point, high level and prominent characteristics” in the Greater Bay Area with great vitality and international competitiveness.

Beijing Institute of Technology, Zhuhai aims to establish a world-class scientific and technological innovation system with disciplines including information communication, intelligent manufacturing, aerospace, artificial intelligence, integrated circuits, instrument science, materials science and engineering, future energy, physics, mathematics, medical engineering, marine science and technology, business, law, and innovative design. With its differential advantages of BIT Zhuhai Positioning, It aims to cultivate high-quality, high-potential, broad-minded, and global leaders, and construct a high-level talent cultivation system.

You have traveled across vast distances and different cultures to BIT Zhuhai and are the first group of the international students coming to study in BIT Zhuhai campus. We are truly delighted to have you here. As you embark on this exciting educational journey, we encourage you to embrace every new experience, expend your dreams and show your intelligence. Welcome to Beijing Institute of Technology, Zhuhai! May your time here be filled with memorable moments, valuable insights, and fruitful achievements.

Wang Ru
Vice President
Beijing Institute of Technology, Zhuhai

Tourist Attractions Covered in the Program

唐家古镇 Tangjia Ancient Town

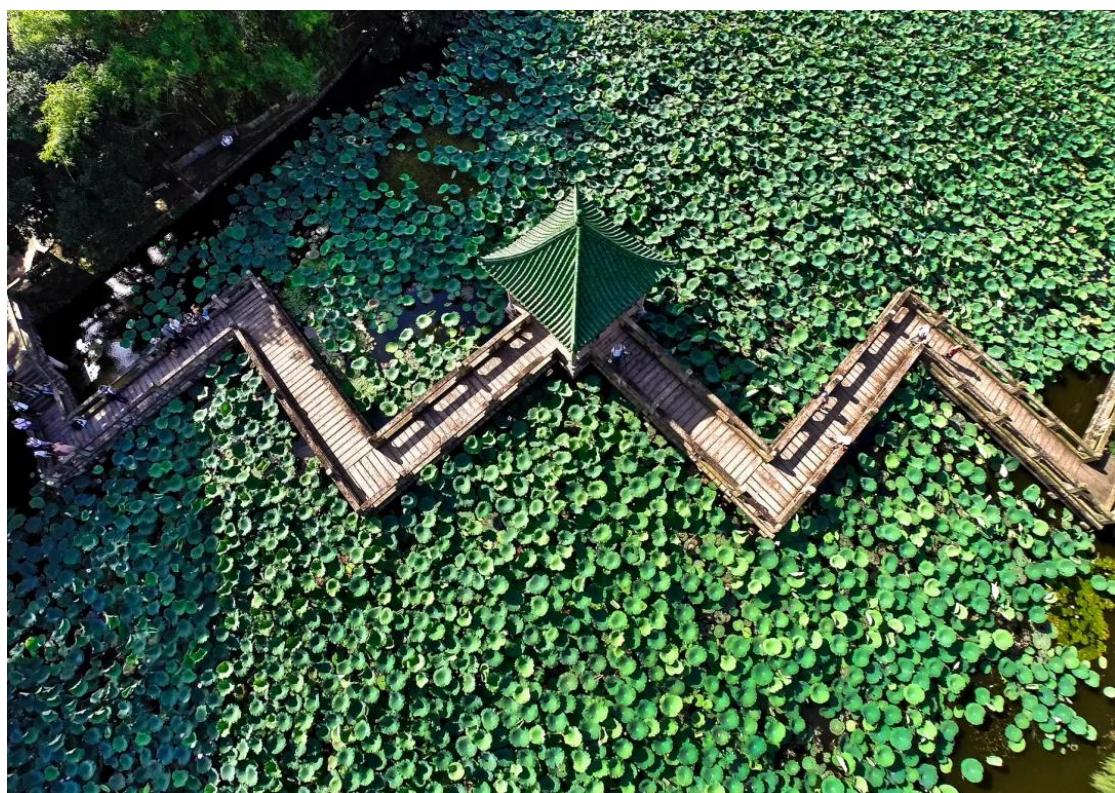

Tangjia Ancient Town is located in Tangjia Town, Xiangzhou District, Zhuhai City. The village of the ancient town dates back to the late Tang Dynasty, and it is China's first historic and cultural town to successfully apply for recognition based on its modern historical relics. The existing cluster of ancient buildings in the town is mainly concentrated along Shanfang Road and Datong Road, including ancestral halls, temples, and residential houses, most of which were constructed during the Qing Dynasty. Tangjia Town is also known as the "Cradle of Pioneers of Modern China," a place that has produced many notable figures.

珠海市留学文化博物馆 Zhuhai Study-Abroad Culture Museum

The Zhuhai Study-Abroad Culture Museum is the nation's first exhibition hall dedicated to the theme of study-abroad culture. It employs an architectural language that blends Chinese and Western elements, recreating the charm of Xiangshan during the modern era. This specialized museum comprehensively showcases Zhuhai's history of studying abroad, its study-abroad culture, prominent figures who studied overseas, and their inspiring stories. It illustrates the historical path of "Zhuhai as the cradle of China's study-abroad culture," documenting the touching narratives of Zhuhai's overseas students as they ventured into the world and contributed to the rejuvenation of China.

共乐园 Gngle Park

Tang Shaoyi was a prominent statesman and diplomat during the late Qing Dynasty and the early Republic of China, playing a significant role in China's modern history. Google Park was Tang Shaoyi's private garden. In 1932, the garden was renamed "Google Park," which means "Joy Shared by All", reflecting the idea of sharing happiness with people. Within the park, there are numerous relics left by historical figures, such as the Japanese black pine tree gifted by Sun Yat-sen, and the lemon and eucalyptus trees planted by the Peking Opera master Mei Lanfang. Google Park is nestled against the mountains and faces the sea, covering more than 50 acres. It is home to many precious flowers, trees, and lychee plants, most of which were introduced from abroad, earning it the title of "Lingnan Botanical Garden."

珠海博物馆 Zhuhai Museum

Located beside the Lovers' Road and adjacent to Haitian Park, Zhuhai Museum faces the Zhuhai Grand Theater across the sea. The museum covers a construction area of 33,000 square meters with an exhibition space of 8,000 square meters. It features several permanent exhibitions, including “The History of Zhuhai (Comprehensive History of Zhuhai • Marine Annals),” “Traditional Art and Folk Culture (People of Zhuhai Past and Present • Inheritance in the Folk),” and “Shared Memories (Impressions of Zhuhai • Special Economic Zone Achievements).” Additionally, the museum regularly hosts a variety of cultural relic and art exhibitions. Visitors can revisit the historical transformations of urban development, gain insights into the distinctive folk customs of Zhuhai, and experience the city’s charm at this cultural institution.
